ELECTRONIC PRODUCTS IS THE TYPE OF MAGAZINE YOU TAKE HOME TO MOTHER

Because everybody else in your office keeps borrowing it from you.
So you take it home where nobody else will touch it. And you can
get it read.

We have a solution to that irksome problem.
Let your friends get their own copies.
Pass along the attached reader qualification card and save yourself
that monthly tug-of-war.

If your friends qualify, they'll soon receive their very own copies
of Electronic Products. Absolutely Free. Plus, their own personal
copies of EEM—Electronic Engineers Master. The number one electronics
catalog/directory in the world.

And all it costs is a 6-cent stamp.

Thank you,

Dorothy Renoud
